SOS INSURANCE

Costs due to War and Kindred Risks

We will reimburse the costs that fall under the SOS insurance coverage, even if these are incurred as a result of war and kindred risks. War and kindred risks includes armed conflict, civil war, uprisings, domestic unrest, riots and mutiny. The costs of war and kindred risks are insured on a mutual basis. This means that you will be reimbursed at cost price provided there are sufficient resources in the 'war and kindred risks fund'. If there are insufficient resources in the fund, you will be reimbursed a percentage.
